DESCRIPTION : Evolution Pocket Coil	
FACT	BENEFIT
<i>Coils that mould to the contours of your body.</i>	The Evolution Pocket Coil system's unique design allows each individual pocket coil to expand or compress around the shape of your body, creating a soft and comfortable "mould"
<i>Heat-tempered coils for extra durability.</i>	The sturdy <i>Heat-tempered Coils</i> are toughened to expand the life-span of the mattress and absorb motion, ensuring minimal to zero motion transfer to your sleeping partner.
<i>No sagging edges - Perimeter edge support.</i>	The border surrounding this mattress is made from a tough steel wire that ensure the mattress does not sag at the edges, reducing the body's tendency to roll.
<i>No turn quality mattress.</i>	Firm, reconstituted foam, high density foam and fibre make up the sleep surface area and provide a luxurious feel.
<i>Allergy Free</i>	This mattress is 100% odour free and contains zero chemicals that cause regular human allergies such as; <i>sneezing or clogged up sinuses.</i>
<i>Hygienic & Non-Toxic</i>	The foam used in every Rest Assured mattress is made to be completely stable, non-toxic and hygienic.
